

My Comments on the Website

Home Page

The screenshot shows the homepage of KMG Environmental Solutions Services. At the top, there's a dark header bar with contact information: a phone icon followed by '011 969 6184', an email icon followed by 'info@kmgenviro.co.za', and social media links for WhatsApp and Company Profile. Below the header is a navigation menu with links to Home, About, Services, Sectors & Projects, Training & Events, Resources (with a dropdown arrow), and Contact. A green 'Get a Quote' button is located on the right side of the menu. The main content area features a large banner image of two environmental consultants in high-visibility vests working outdoors. Overlaid on this image is a purple and yellow swoosh graphic. In the center of the swoosh, the company's name is displayed in bold white and green text: 'Accredited Environmental, ESG, Waste & Occupational Hygiene Consultants'. Below this, a smaller text box states: 'Delivering scientifically robust, regulation-aligned environmental solutions across South Africa and the SADC region since 2008'. At the bottom of the page, there are two buttons: a green 'Explore Services' button and a white 'Request Quote' button. The footer area contains the same WhatsApp and Get a Quote links as the header.

Comments- Let's amend to this

Your Trusted Partner in Environmental Compliance | Specialist Studies | Environmental Authorizations | Environmental Audits | Environmental Training | ESG Compliance | OHS |

Comments- Who we are

We are KMG Environmental Solutions Services

We help organisations build projects that meet the law, respect communities, and protect the environment. Our team combines on-site monitoring, laboratory analysis, and specialist impact assessments to deliver defensible, regulator-ready reports on time and ful.

What we do

- **Environmental Monitoring:** Ambient air & dust fallout, stack emissions, water & effluent quality, groundwater, noise, soil, and occupational hygiene.
- **Specialist Studies:** Terrestrial & aquatic biodiversity, wetlands, agricultural impact, air quality impact, noise impact, visual, socio-economic, hydropedology, geohydrology, heritage & palaeontology.
- **Compliance & Permitting:** EIA/BA Authorization, WML Applications, Green Star Rating Applications, ESG Compliance, licence conditions tracking, risk matrices, mitigation design, and monitoring plans.

Why clients choose KMG

- **Compliance without chaos:** We align deliverables to NEMA, NWA, NEM: AQA and licence conditions—so you avoid penalties and delays.
- **Data → Decisions:** Dashboards, trends, and plain-language insights your project team can act on.
- **Speed & reliability:** Rapid field mobilisation and **fast reporting cycles**.
- **In-house capability:** Calibrated monitoring instruments (noise meters, portable ambient air units, sampling kits) and a multi-disciplinary team.
- **Proven track record:** Mining, energy, transport, water utilities, and municipal projects nationwide and in SADC.

Professional standing

SACNASP-registered scientists • WISA registered scientists • Department of Employment & Labour **Approved Asbestos Contractor** (RAC2024-CI/100) • EAPASA- registered scientists and aligned practice • GBCSA Member and registered EP

Footprint

Head Office: 08 Hillside Road, Metropolitan Building, 1st Floor B, Parktown, Johannesburg, 2193 • Projects across **Gauteng, Limpopo, North West, KZN, Mpumalanga, Northern Cape, Eastern Cape, Western Cape and Lesotho/SADC**.

Comments- Let's remove the “Core Services Categories” section from the homepage and redesign the site into a clean, modern one-page layout. Our professional accreditations and memberships must still be displayed prominently, but please update the list by removing SAIOH and correcting “IIAV” to its full name: *The International Institute of Acoustics and Vibration*.

Additionally, I would like to see a section titled “Our Work in Action” to showcase our field monitoring activities and project highlights. We must also include a space for our clients’ logos. We can add the actual logos later, but the section should be prepared and visible in the layout.

If possible lets nice pictures rolling

About –Page

Comments –restrict to one page , the mission and vision , and all the values stays but minimised for space purpose , remove our team for now we will add early next year , also like 15+ years experience , 9 SA Provinces , and project completed and the membership as well our work in action

Services - Page

Amend - Our Services

KMG Environmental Solutions Services (Pty) Ltd delivers a comprehensive suite of Environmental Monitoring, Environmental Compliance, ESG, and OHS services that enable organisations to meet regulatory requirements, manage environmental risks, and operate sustainably across South Africa and the SADC region.

Our capabilities include environmental monitoring, regulatory compliance management, environmental audits, OHS support, ESG advisory, authorisation and licensing, specialist environmental studies, training, and a range of tailored solutions that support responsible development and long-term environmental stewardship.

Comments –after above add services block as they are , if possible lets have the rental services page and list all the equipment with whatsapp and booking link like training with rental dates and number of days –linked to rental email

Training and Events -Page

Comments -Lets limit to one page with booking link like the exiting website , I like the fact that you are also indicating that we are accredited with EAPASA and SACNASP , LETS COMPRESS TO MAKE IT A ONE PAGE , Also with the bookings email for enquiries and special training request

We will work on the Training Prospectus to be uploaded later on

Sectors & Projects –Page

Comments –Remove completed project , lets just focus on illustrating our services on those sectors , limit to one page and add our work in action button again with gallery link

Resources - Page –no comments , other than lets clean it and make it easy for the clients , we will add the resources as we go and make it one page

Contact- Page –add our all our contact numbers and info email as well as marabekg email and for rental enquiries , for training booking email
